

ZamZam Foundation Inc.

Annual Report 2022

Dear Valued Donors,

As the CEO of ZamZam Foundation, I am humbled to share that we have achieved great success in our mission, thanks to your support. As a non-profit organization, we rely on the generosity of individuals like you to sustain our work. We believe in transparency and accountability, and we are committed to using your contributions wisely and effectively to make the greatest impact possible. Our programs and initiatives have had a positive impact on people in need, and we are continuously working to expand our reach and impact. However, the needs of our communities continue to expand and we need your help to continue making a difference. Your contributions, no matter how small or large, help us to provide essential services and support to those who need it most. For example, our education initiative grasp medicine has helped hundreds of children to improve their academic performance, while our Period Poverty program has provided hygiene-related support to hundreds of women in underserved communities. Our community development efforts, such as the water well installation program in remote areas, have also made a tangible difference, helping to improve the quality of life for those in need.

As we conclude a successful year with numerous milestones achieved, I wanted to reach out to you and pay my gratitude. This report is a way for us to showcase the impact of our work and highlight the key achievements of the past year. Over the past year, our organization has made significant strides in realizing our mission. Thanks to the hard work of our dedicated staff and volunteers, we have successfully launched several new programs that have positively impacted the lives of individuals and communities in need. Despite these achievements, the need for our services continues to grow, and we need your help to meet these growing demands. Your contributions, whether through volunteering, advocacy, or financial support, make a real and lasting difference in the lives of people in need. Thank you again for your support. Together, we can make a difference in the world. I look forward to your continued support and partnership in the years to come.

Warm regards,

Abdul Maten

CEO, ZamZam Foundation Inc.

FOREWORD

This year, we were able to achieve several important milestones, this was only possible by powering through the hurdles with determination to achieve more than ever before. As a result, it became a year of hope, impact, and change for many. We had the opportunity to help the underprivileged all around the world. For that, we are incredibly grateful to all our donors for being the foundation behind our success.

With joy, we can say that 2022 was a year to mark in our books.

TEAM

Our team is composed of 210 dedicated team members & volunteers from all across the globe who are committed to changing thousands of lives with their hard work. This diverse group of experts utilize their education and experience from a variety of industries in an effort to support and empower crisis-stricken communities.

Mission

Our goal is to alleviate human suffering and as a team of caring and compassionate people we focus on building healthy communities a sustainable foundation for continued development. We aim to connect capable individuals with underprivileged people around the world to create hope, opportunities for growth, and assistance to change people's hardship into ease. We strive to provide relief during natural disasters and even financial support for individuals in need of medical aid. At ZamZam Foundation, Inc., we operate with transparency and emphasize maintaining the integrity of those we support. We never stop learning and working to improve our skills, programs, and services and we appreciate any support we receive to continue serving those in need.

Vision

Within underprivileged communities around the world, we do whatever it takes to help people survive, thrive and have access to the basic necessities of life like food, water, and warmth. We have completed 39 projects with the assistance of 200+ volunteers around the world and have helped over 100,000 people in need. With your help, we have raised \$400,000 in 2022 to successfully execute these projects and continue the humanitarian work we have begun.

Introducing the new and improved ZamZam Website. In response to feedback over this past year, we have developed and launched our new website. Our site is now faster and even more user-friendly on desktop and mobile devices. We've worked hard on performance improvement to ensure all our visitors would have ease of access and a positive experience while exploring our site and donating to our causes.

Our Projects 2022.

RECYCLED WARMTH - SEASON 02

11,000 BLANKETS MANUFACTURED AND DISTRIBUTED TO DESERVING FAMILIES
CREATED 100 JOBS FOR WOMEN IN NEED

PROJECT LOCATION: BANGLADESH

We ran our Recycled Warmth Project this year again, successfully benefiting 67 underprivileged communities in Bangladesh.

The purpose of manufacturing comforters instead of buying ready-made ones was to significantly reduce cost compared to the market price of comforters, to provide employment to locals, and to promote recycling.

RAISED SO FAR: \$44,499

SPENT: \$44,499

RECYCLED WARMTH - SEASON 03

1800 BLANKETS MANUFACTURED AND DISTRIBUTED TO DESERVING INDIVIDUALS

PROJECT LOCATION: BANGLADESH

Like previous years, we ran our Recycled Warmth Project this year as well where a significant number of underprivileged families in various communities were benefited. The purpose of manufacturing instead of buying ready-made comforters was to significantly reduce cost compared to the market price of comforters, provide employment to locals, and promote recycling.

FOOD DRIVE & CHARITY DISTRIBUTION IN BANGLADESH

HOT MEALS WERE SERVED TO OVER 4500 FAMILIES & FOOD BASKETS WERE DISTRIBUTED AMONG MORE THAN 1200 DESERVING PEOPLE

PROJECT LOCATION: BANGLADESH

For the followers of the Islamic faith, the act of a month-long fasting calls for practicing self-discipline and sacrifice. This act helps people empathize by putting themselves in the shoes of people who suffer from hunger, thirst and lack of access to basic necessities. Usually a variety of dishes are prepared which the practitioners look forward to, to break their fast. In this project several Iftar drives were successfully executed and money was distributed to deserving individuals in these underprivileged communities.

RAISED SO FAR: \$14,000

SPENT: \$14,000

ANIMAL DONATION FROM VIRTUAL BAZAAR - SEASON 2

SERVED OVER 1000 FAMILIES WITH THE DONATION MEAT

PROJECT LOCATION: PAKISTAN, BANGLADESH, UGANDA

In order to feed people stricken by hunger and malnutrition, this project enabled our generous donors to pay for animals which were slaughtered, processed and fed to the deserving individuals and families. Through our virtual animal bazaar, donors could pick and choose their animal according to their preference. In this era of technological advancement, this project was a state of the art implementation to spread kindness.

RAISED SO FAR: \$8885

SPENT: \$8885

FEEDING ORPHANED AND UNDERPRIVILEGED CHILDREN

250,000+ MEALS SERVED TO 850 PLUS CHILDREN

PROJECT LOCATION: BANGLADESH & UGANDA

There are over 150 million orphan children across the globe a majority of whom face a constant threat of starvation. Malnutrition in children has been increasing at an alarming rate. As part of this project, we initiated a fundraising program in order to support needy children in Bangladesh and Uganda. The main goal of this project was to provide needy children with three meals a day to alleviate their suffering. One of our goals from this ongoing project is to raise 1 million dollars to continue increasing the distribution footprint and with your support we are sure we can bring food and smiles to these children in need.

SPENT: \$46,815

WATER WELLS FOR UNDERPRIVILEGED

16 WATER PUMPS INSTALLED, PROVIDING CLEAN WATER TO 110 FAMILIES.

PROJECT LOCATION: BANGLADESH, GAMBIA

Clean water is a basic necessity and over a billion people around the world still actively suffer from thirst and lack of access to clean water for their daily needs. As part of this project, we raised funds to build water wells within poor neighborhoods of Bangladesh & Gambia where access to clean drinking water is a huge challenge. Several communities benefited from this project by having access to clean drinkable water on an ongoing basis.

PERIOD POVERTY X JUTE PAD INNOVATION

ERADICATING PERIOD POVERTY, 1 PAD AT A TIME

CURRENT STATUS: UNDER RESEARCH

PROJECT LOCATION: GLOBAL

Period Poverty refers to inadequate access to menstrual products, hygiene facilities, and education, affecting roughly one in four women across the globe. In collaboration with MIT award-winning scientist Dr. Mubarak Khan, the project aims to mass-produce biodegradable sanitary pads derived from the Jute plant. Mostly native to India and Bangladesh, the Jute plant is a versatile and tensile material with high moisture-absorbing features. During the Research and Development phase, after numerous trials, we have been able to successfully construct a prototype for this high-quality biodegradable sanitary pad.

RAISED SO FAR: \$5100

FOOD DRIVE FOR FLOOD VICTIMS

OVER 500 FOOD BASKETS DISTRIBUTED TO AFFECTED FAMILIES

PROJECT LOCATION: BANGLADESH

As part of this project, we distributed food baskets to the families affected by the recent floods in Sylhet. Our mission was to alleviate their suffering by providing sustenance after they lost their livelihoods in the devastating floods last year. The cost for each food basket was \$11 and contained 10+ food items.

RAISED SO FAR: \$5690

SPENT: \$5690

ERADICATING PERIOD POVERTY

DISTRIBUTED 21,000 WOMEN HYGIENE PACKETS, 300+ WOMEN EACH YEAR.

PROJECT LOCATION: GLOBAL

Every month, an estimated 2 billion women around the world menstruate. While many have access to appropriate support and education, a whopping 500 million are left with little to no support in this area. Period Poverty refers to inadequate access to menstrual products, hygiene facilities, and education. The inability to access affordable sanitary products can lead to not only serious health complications but also crippling anxiety recurring every month. Considering the severity of this issue, we have taken the initiative to raise funds for women suffering globally. Our mission is to provide them with free biodegradable sanitary pads.

RAISED SO FAR: \$29,209

SPENT: \$14,209

GROCERRY & FOOD VOUCHER DRIVES

40 DESERVING FEMALE STUDENTS & THEIR FAMILIES PROVIDED WITH FOOD VOUCHERS

PROJECT LOCATION: TURKEY

In Erzincan, a city in central Turkey, many families are struggling to make ends meet. Many of these families are faced with food insecurity, which means that they don't have enough to eat. To help these families, the ZamZam foundation distributed groceries and food items to needy families. In addition, we focused on empowering girls and young women by providing vocational training to develop their technical skills so that they can have a better future & career.

RAISED SO FAR: \$1300

FREE DIGITAL MARKETING COURSES

TAUGHT IT SKILLS TO 24 REFUGEE ADULTS IN UGANDA

PROJECT LOCATION: UGANDA

The P4T Digital Marketing course commenced in November 2022 as an initiation to empower the people of Uganda, supported by ZamZam Foundation, Inc. These courses were free to register for anyone above 18 years of age with general computer knowledge. A total of 15 virtual training sessions were hosted for free and 24 participants benefited from it. The purpose of the course was to stir the core interests of the participants in order for them to be able to choose the fields to specialize in. Our goal is to provide Digital marketing skills to individuals who lack the privilege to afford professional training and education, and thus equip them with necessary skills to find a job and be able to support their families.

RAISED SO FAR: \$4700

GRASP MEDICINE PROJECT

LAUNCHED 50+ VIDEOS IN 5 DIFFERENT LANGUAGES

PROJECT LOCATION: GLOBAL

The Grasp Medicine Project is designed to educate people about the importance of maintaining good health and preventing diseases. The core focus is to produce videos featuring short, engaging, and informative bits, covering a range of topics, from healthy lifestyles and nutrition to common health problems and preventative measures. These videos are available online and through various social media platforms, making them easily accessible to people from all walks of life. The ultimate goal of the project is to increase awareness and educate people on common health issues, leading to a healthier and happier community.

HALAL MONITORING SERVICES (HMS) BY REHMAT E ALAM FOUNDATION

HALAL MEAT INSPECTION OF 100+ CERTIFIED ESTABLISHMENTS

PROJECT LOCATION: CHICAGO, UNITED STATES OF AMERICA

Halal Monitoring Services is a social wing of a Chicago non for profit organization (Rahmat-e-Alam Foundation) which provides free consultation, certification and monitoring services across half of the US currently (all free of cost) to businesses who are interested in serving halal meat and poultry. It provides critical support to the practitioners of the Islamic faith in consuming true and verified halal, instead of something that is just labeled halal by for profit commercial certifiers without fulfilment of the requirements of halal, as government legislation in regulating such certifiers is missing from the US market at this time. The goal was to provide support to the practitioners of the local community by ensuring Halal standards are being implemented by the entities seeking certification and monitoring and a framework is in place for ongoing monitoring. By promoting transparency and accountability, HMS continues to help maintain the ethical standards & integrity of the halal meat industry and provides peace of mind for the consumers. ZamZam Foundation provided a small financial support to Rahmat-e-Alam as part of this project to help them with expenses for their inspection team.

RAISED SO FAR: \$80000

FOOD BASKET DISTRIBUTION

500 FAMILIES RECEIVED DRY FOOD SUPPORT IN 10 VILLAGES

PROJECT LOCATION: PHILIPPINES

We distributed food baskets containing 50 kg rice bags to over 500 families in 10 small villages in the Philippines, aiming to address food insecurity in these communities. The distribution of rice, a staple food in the Philippines, helped fight the constant hunger these families were suffering. The campaign took place in 10 small villages, ensuring that aid reaches those who need it the most. The accessibility to reach these villages was not easy but our local volunteers made it happen. The campaign was an effort to make a positive impact in the lives of those who are struggling and to help bring a sense of stability and security to these communities.

RAISED SO FAR: \$15,040

FLOOD RELIEF PAKISTAN

MEDICAL AND DRY FOOD SUPPORT TO 50 FAMILIES, BUILT 3 HOUSES

PROJECT LOCATION: PAKISTAN

In response to the devastating floods in Pakistan, a relief campaign was launched to support the affected families. Over 50 families were provided with crucial medical aid, ensuring that their health was taken care of during such a difficult time. Additionally, a monthly supply of food was distributed to these families to help them overcome food insecurity caused by the floods. The campaign went a step further and built homes for 3 families who had lost everything in the disaster. This not only provided them with a roof over their heads but also gave them a sense of stability and hope in the face of such immense loss and hardship. The relief campaign was a heartwarming display of compassion and generosity and made a tangible difference in the lives of those who received the aid.

GENERATING ADMINISTRATIVE COST

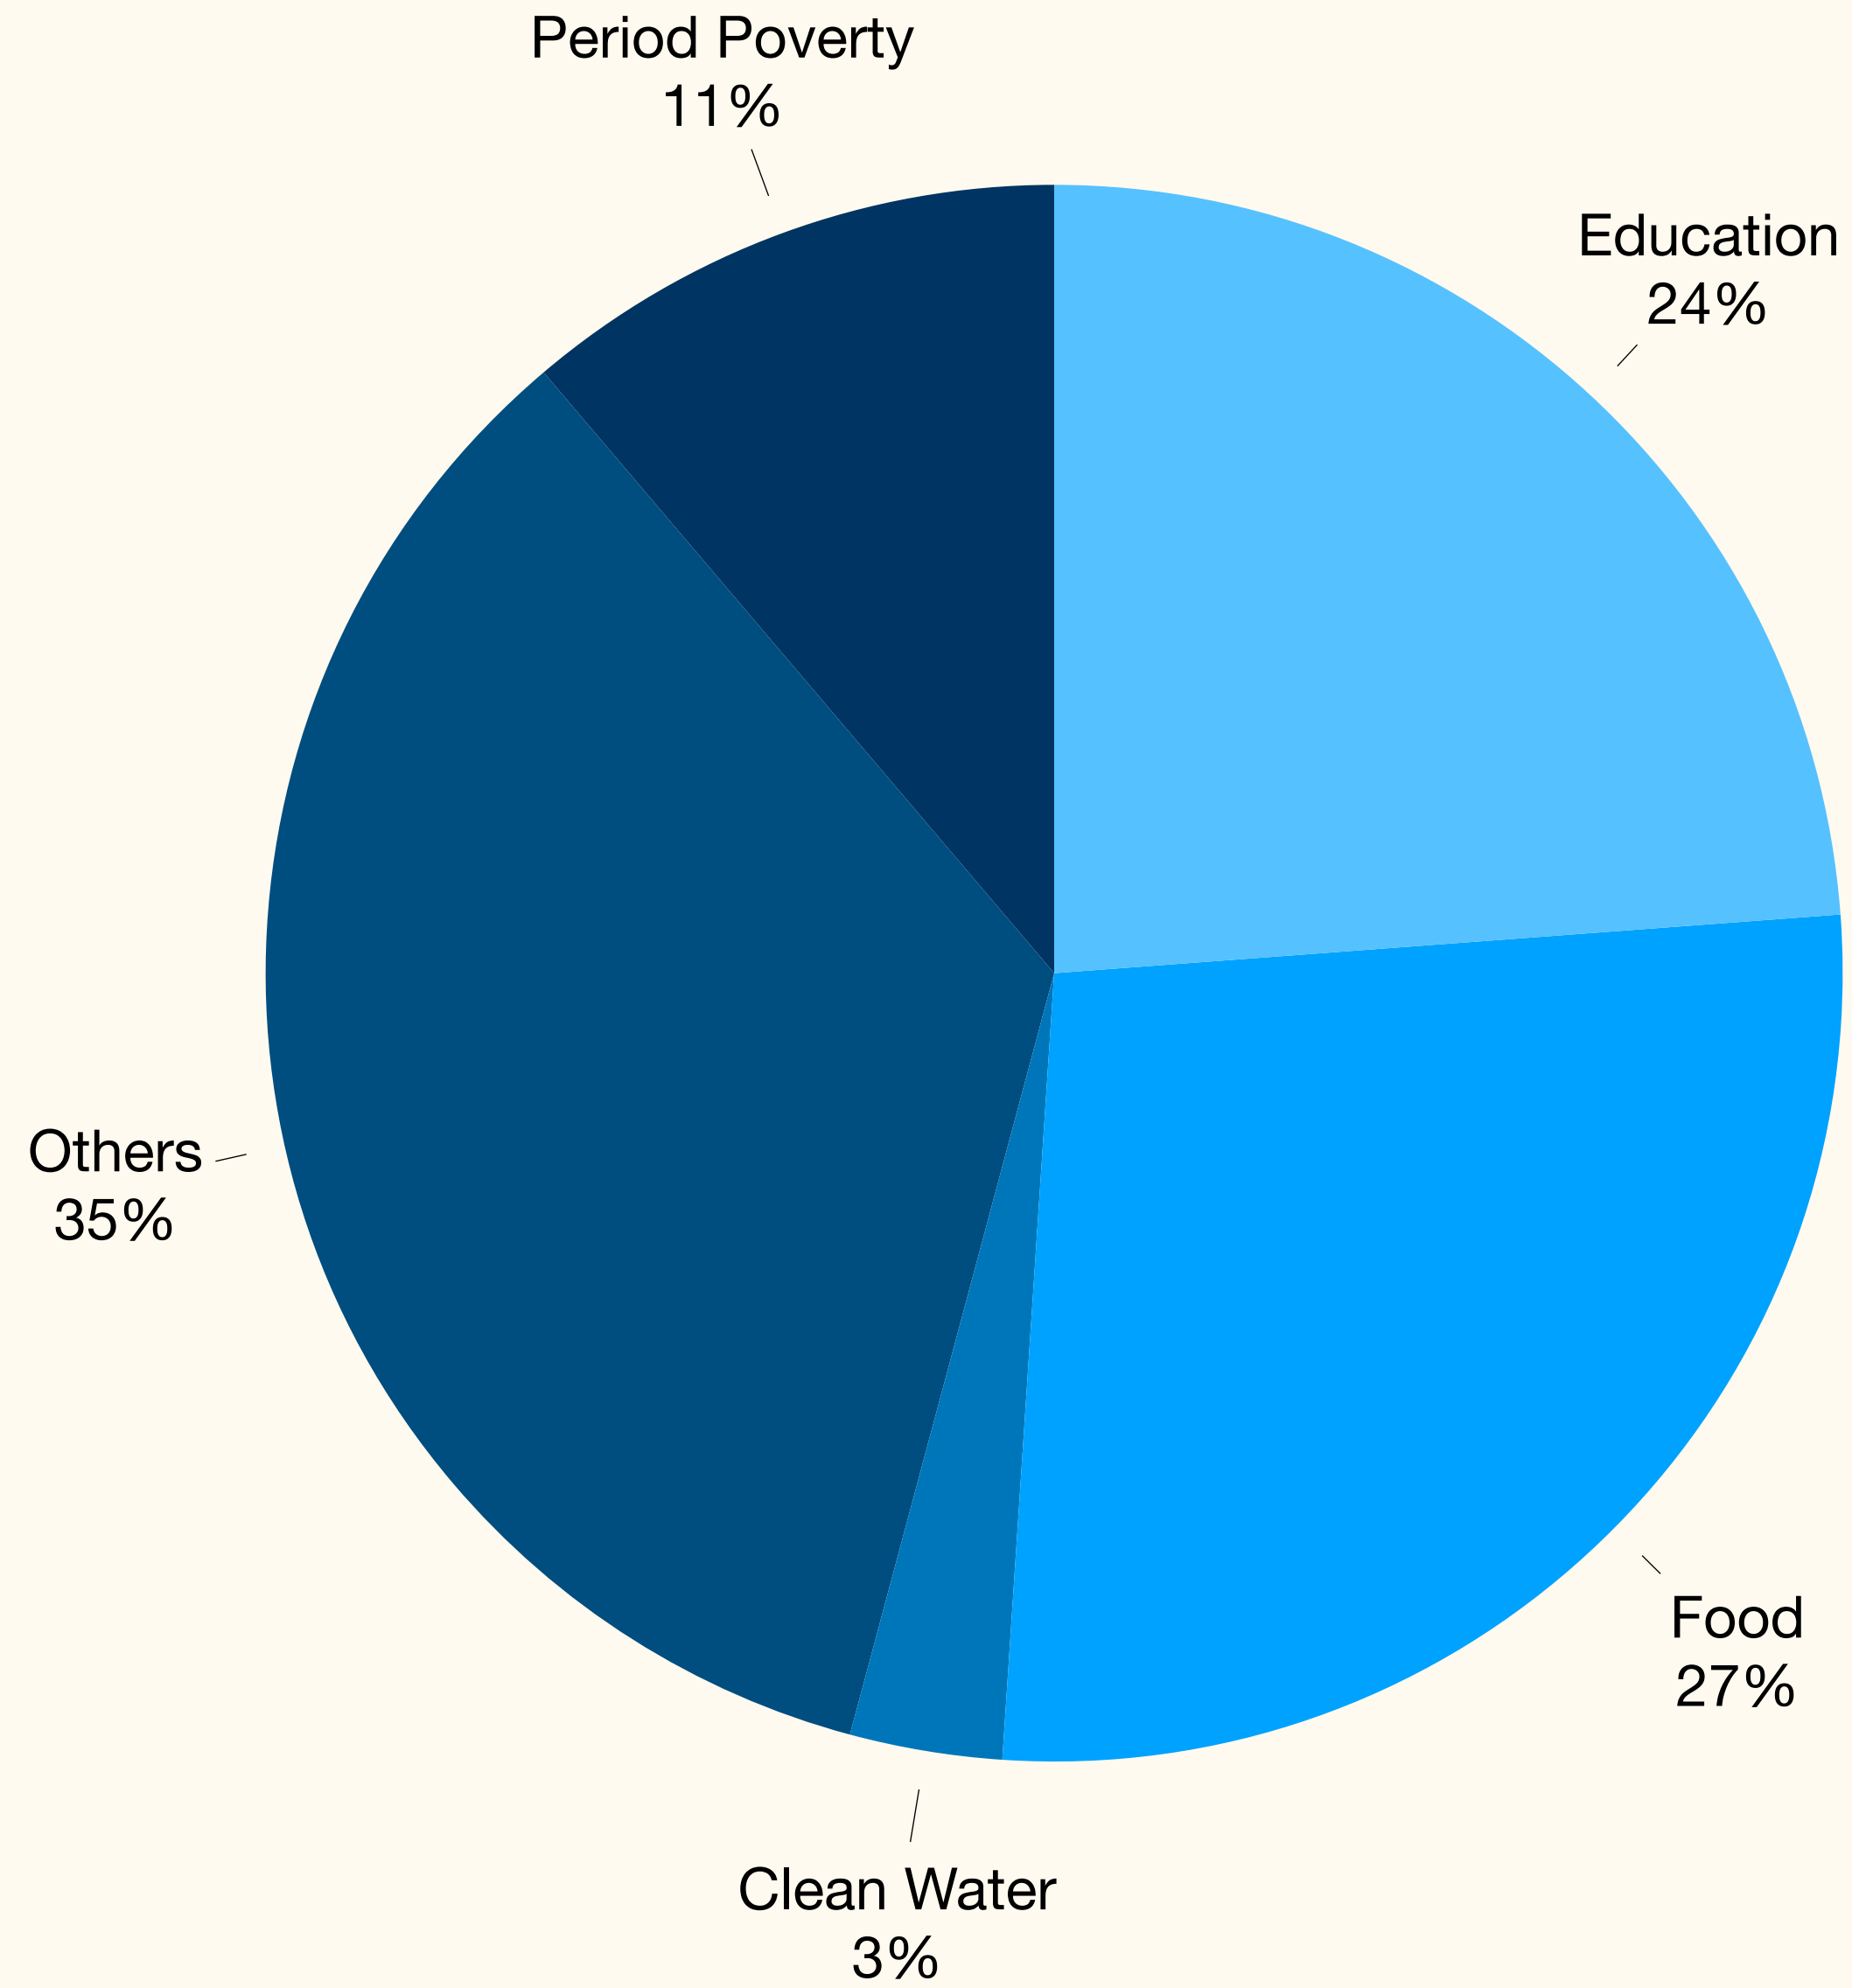

Every organization has administrative costs they have to incur while running different projects. Instead of using part of the money donated to the different causes, this project was launched to raise funds which can be spent towards supporting the day-to-day operations of the foundation and ensuring that it can continue its work effectively. The administrative work includes tasks such as managing finances, organizing events, marketing, IT support etc.
